### **Doggie Daycare:**

A dog's natural behavior as a pack animal allows it learn discipline, hierarchy, and socialization with other dogs. Combined with an interactive exercise area and experienced staff, you and your pet will appreciate the benefits from our doggie daycare.

Daycare is a cage-free activity where your pet can interact with other pets. All pets involved in daycare must be spayed or neutered, of good nature (display no aggressive tendencies), in good health and free of any illness, injuries, bandaging, sutures, stitches, etc.

We reserve the right to change your pet's daycare activities if we believe it is necessary to protect the health and well-being of your pet, other pet's or our staff. You accept the risks involved with daycare activity and agree that The Hydrant Regency LLC is not liable for injuries or illness resulting from your pet's attendance.

### **Overnight Boarding:**

Boarding your pet at our facility for an extended stay is an opportunity for fun and fitness. Boarding and lodging fees are charged by the night. You are responsible for providing:

- \* A satisfactory supply of your pet's food with feeding instructions,
- \* Medications your pet requires with written instructions for proper administration,
- \* Bedding or toys you desire to be placed in your pet's boarding area.

Boarding space is limited. We recommend making summer vacation and holiday reservations at least three (3) weeks in advance of desired date.
